**STOP  
HARDWICK  
ENERGY**

**DO YOU WANT SOMETHING LIKE  
THIS ON YOUR DOORSTEP?**

Acorn Bioenergy have applied to build a large anaerobic digester in Tysoe. This would be a disaster for the community.

**YOU CAN HELP STOP THIS NOW**

# WHY SAY 'NO'?

*The digester would:*

- Be as high as 4 double-decker buses
- Be an industrial gas-producing plant
- Occupy the space of 12 football pitches
- Be a dreadful blot on the landscape, including the AONB
- Bring no benefit to the surrounding community
- Conflict with key planning policies
- Cause large-scale traffic issues

When taking into account the transportation of feedstocks, energy to run the site, and transport to disperse and deliver products, this anaerobic digester is NOT GREEN.

To find out more please see our fact sheet at:  
[www.tysoe.org.uk](http://www.tysoe.org.uk) or visit: [stophardwickenergy.org](http://stophardwickenergy.org)

**IT IS THE WRONG PROPOSAL IN THE  
WRONG PLACE CAUSING SIGNIFICANT  
HARM FOR NO LOCAL BENEFIT**

# OBJECT NOW

We have until **Friday 18th November** to object to the application, so please either:

1. Visit SDC's planning portal at:  
[apps.stratford.gov.uk/eplanning/](https://apps.stratford.gov.uk/eplanning/)  
using the reference: **22/02935/FUL**
2. Scan the QR code with your camera phone
3. Or email: [joseph.brooke@stratford-dc.gov.uk](mailto:joseph.brooke@stratford-dc.gov.uk)

## YOU SHOULD ONLY CITE GENUINE PLANNING OBJECTIONS

*These could be:*

- It will adversely affect the rural aspect of the surrounding countryside, especially the AONB
- It will cause traffic chaos, with a huge increase in heavy vehicles on our roads
- It is contrary with the development strategy for the District by being a large-scale industrial plant in a pure rural setting
- It conflicts with the Tysoe Neighbourhood Plan by being a large-scale development outside the designated Built-up Area Boundary
- Any small benefits will be vastly outweighed by the huge harm to the community.
